## Product Feature

- Creates the perfect mood with lighting scenes. Candlight-to-daylight bright (2200K-6500K) + 16 million colours (RGB)
- Works with Amazon Alexa, Google Assistant, and Siri Shortcuts along with IFTTT and SmartThings.
- Uses existing Wi-Fi network so you can control lights wirelessly at home or from anywhere in the world via the WiZ app.
- Automate your lighting with Schedules or mirror the sun's effects inside with lighting Rhythms.
- Produces light equivalent to a 60/65 Watt bulb at only 8 watts - a fraction of the energy.
- Only compatible with Connected by WiZ and WiZ Pro products.
