

CGTX PANEL

Flexible. Reliable. Connected.

The CGTX series is a fully configurable LED panel designed for today's world of increasingly complex lighting and control needs. CGTX offers comprehensive solutions including integrated controls, emergency, high lumen output, 90+ CRI and 1% dimming options. Its low profile back-lit design ensures uniform illumination that fits shallow plenums with room to spare. The CGTX is part of the robust CGT family series and ideal for schools, offices, general healthcare, and other commercial spaces.
