

CZS Cruze Selectable Troffer

The Cruze™ Selectable troffer offers selectable lumen output and color temperature with a simple, easy to access toggle switch.

The latch-less design, matte white paint and multiple lens options deliver architectural appeal and specification rich features.

This troffer is constructed with Cooper Lighting's latest selectable technology platform and delivers unprecedented design flexibility, energy savings, visual comfort, and aesthetics at an incredible value. The Cruze Selectable is an ideal choice for offices, schools, hospitals, and retail merchandising areas.
